Hospitalization

Eligible inpatient hospitalization expenses may be covered when medically necessary and supported by bills and medical records.

Pre-authorization

Planned hospitalization should be pre-authorized where required. Emergency admission should be reported as soon as reasonably possible.

Documents

A claim may require the claim form, itemized hospital bill, discharge summary, prescriptions, diagnostic reports, and proof of payment.

Exclusions

Cosmetic procedures, non-medically necessary services, and expenses specifically excluded by the policy are not covered.

Claim review

The adjuster checks policy validity, coverage limits, waiting periods, exclusions, and submitted evidence before making a decision.
