Covered incidents

Damage from an insured event may be eligible, subject to policy wording, limits, deductibles, and exclusions.

Mitigation

Take reasonable steps to prevent further damage and keep receipts for emergency repairs.

Evidence

Potential evidence includes photographs, incident description, repair estimates, purchase receipts, and a police or incident report where relevant.

Exclusions

Gradual deterioration, maintenance issues, and events specifically excluded by the policy may not be covered.

Assessment

The adjuster compares reported damage and supporting evidence with the insured property, event date, and coverage terms.

Example question for RAG testing

What evidence can support a property damage claim?

Expected answer based on this sample

Photographs, an incident description, repair estimates, purchase receipts, and a relevant police or incident report can support a property damage claim.

Important: These sample terms are invented for application testing. They do not define real coverage, benefits, exclusions, or legal rights.
